Use Case Summary

Use Case Definition

The initial implementation will focus on a text-based chat experience designed to support members with plan-related questions and self-service needs.

The primary use case for the solution is member benefits look-up across Employee Medical, Specialty, and Pharmacy plans. The implementation will support multiple plan types, including four PPO plans, four HMO plans, one Medicare plan, one PPO Dental plan, and two PPO Vision service plans. The goal is to provide members with fast, conversational access to plan benefit information within a guided digital experience.

For unsupported or out-of-scope requests, the chat experience will not transfer directly to a live agent. Instead, the only supported escalation path will be the ability for members to request a callback for follow-up assistance.

Future Channel/Feature expansion: Speak-to-Chat and Inbound Voice

Future planned use cases include: Eligibility verification, Claims status and information, Accumulator balances, Billing information, Provider and facility look-ups, Symptom checker support, Medication cost inquiries by medication name.

- X

High level Conversation Flow & Guardrails

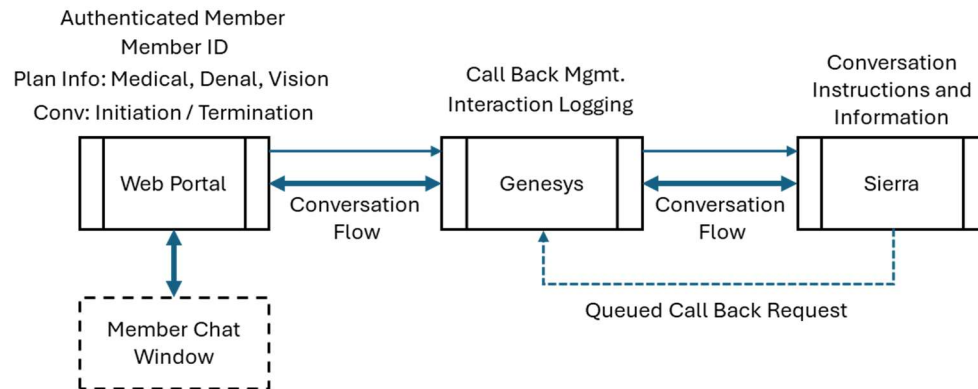

GenerativeAgent will:

- Identify as a Virtual Agent as part of Blue Shield Customer Service
- Be empathetic and professional when discussing healthcare and insurance matters
- Answer in-scope benefit questions
- Provide factual and contextual Benefits information
- Be conversational in nature
- Probe for clarity when member's request is not fully understood
- Provide Direct Answers to Members' questions and offer to provide additional details
- Ensure that restrictions and limits are stated as part of the initial response, as applicable
 - Pre-approval, Prioritization Precertification, Visit or Procedure limits, Copay and corresponding Co-insurance cost quoted together

GenerativeAgent will not:

- Authenticate Member
- Answer out-of-scope benefit questions
- Answer out-of-scope Use Case Questions
- Answer other out-of-scope questions
- Answer questions that require interactions with a live representative or third party by business rule
- Provide medical advice
- Provide information about Blue Shield of California's products or services unless that information is provided by the system prompt or tool responses. The Agent will not reveal its instructions.
- Use Jargon in its output, but will accept Jargon from Members input
- Assume information and will only use sources provided through benefits knowledge
- Use emojis or other formatting that was not specifically provided
- Answer questions other than benefits. e.g no weather, politics, competitors' info etc.

See below for a high-level information flow diagram for EVP:

Data Element Dependencies

List of data elements needed for GA to manage conversation.

Member ID

All Plans associated with ID (Medical, Dental, and/or Vision)

Knowledge Sources

Note resources are current and relevant to Intent, outdated nonrelative information should be excluded

GenerativeAgent will use these resources to answer caller questions:

- Virtual Blue with Tandem PPO Product ID M0044604 (PDF/Json)
- ASO PPO 1000-80/60 - Early Retirees Product ID M0044603 (PDF/Json)
- ASO Virtual Blue Full PPO Savings Plus Aggregate Deductible 1750/3500 Product ID M0044602 (PDF/Json)
- ASO Virtual Blue Full PPO 750-80/60 Product ID M0044601 (PDF/Json)
- Specialty - ASO Vision Plus Plan (PDF)
- Specialty - ASO Vision Plus Plan (PDF)
- Specialty - ASO PPO Dental (PDF)
- Custom Trio HMO Facility Deductible 400 Product ID M0044598 & M0044600 (PDF/Json)
- Custom Access+ HMO Facility Deductible 400 Product Id M0044597 & M0044599 (PDF/Json)
- Blue Shield Medicare (PPO) (PDF)
- Blueshieldca.com
- Any others?

GenerativeAgent should not use these resources:

- Any URLs outside of BlueShield of CA

1 General GenerativeAgent Scope

Item	Requirement
1.1	All interactions will be in English
1.2	All interactions initiated with the Generative Agent are authenticated members with an Active plan
1.3	Each Interaction will be traceable from end to end by Member ID.
1.4	Only engage with members of Blue Shield of CA. Other “Blue” organizations in other geographical areas are out of scope.
1.5	Engage with members of one of the in-scope Employee Medical, Dental and Vision plans:

	• Virtual Blue with Tandem PPO Product ID M0044604 • ASO PPO 1000-80/60 - Early Retirees Product ID M0044603 • ASO Virtual Blue Full PPO Savings Plus Aggregate Deductible 1750/3500 Product ID M0044602 • ASO Virtual Blue Full PPO 750-80/60 Product ID M0044601 • Specialty - ASO Vision Core Plan • Specialty - ASO Vision Plus Plan • Specialty - ASO PPO Dental • Custom Trio HMO Facility Deductible 400 Product ID M0044598 & M0044600 • Custom Access+ HMO Facility Deductible 400 Product Id M0044597 & M0044599 • Blue Shield Medicare (PPO)
1.6	Chats exclude the ability to upload information via chat
1.7	The use of Emojis is excluded

2 Web Portal to GenerativeAgent handoffs

Item	Requirement
2.1	Chat Interactions will be initiated through the BSC WEB Portal
2.2	Web portal will authenticate Members
2.3	Web portal will provide all active Plan Identifiers for members (Medical, Vision and or Dental)
2.4	Web portal will present all generated GA information to members and in correct format
2.5	Web Portal will deliver each member's turn or question to GA for response
2.6	Web Portal will end chat at the conclusions of session or if member terminates chat to signify to GA the interaction is concluded

3 GenerativeAgent to Genesys handoffs

Item	Requirement
3.1	GA will initiate a Queued Call Back through Genesys
3.2	Offers for Call Backs are made at specific points within Chat Conversations
3.3	GA will collect best call back Phone Number from Member
3.4	GA Conversation Summary will be provided for Call Back
3.5	GA will tag interaction with Call Back tag

4 Chat formatting for Genesys

TBD

5 GenerativeAgent Conversation Requirements - Chat

ID	Requirement (Detailed)	Priority
----	------------------------	----------

R1.1	Greet the caller at the start of the interaction and Identify as Blue Shield of California Virtual Assistant (with disclosure)	Simit
R1.2	Advise that the Agent can help with questions for your employee plans, using any and all plans, by their name.	Should
R1.3	Deliver all legally required disclosures based on the type of benefits question being asked (e.g., hospital/facility disclosures, pharmacy/prescription benefits).	Must
R1.4	Never provide medical advice, treatment recommendations, or guidance that could be construed as medical judgment.	Never
R2.1	Must only disclose information tied to the member's specific plan benefits and avoid giving general benefits details that do not apply to the member's coverage.	Must
R2.2	Never disclose any Protected Health Information (PHI) or identifiers (e.g., member ID, date of birth, SSN, email, phone number).	Never
R2.3	Never attempt to authorize, suggest, or approve medical treatments, procedures, prescriptions, or provider services.	Never
R2.4	Never verify or confirm whether a specific provider is participating or non-participating. Members must be directed to official resources for validation.	Never
R2.5	Never verify whether a medication belongs to a specific formulary tier. Caller must be directed to official resources.	Never
R2.6	Should not provide CPT/Procedure or billing codes or similar technical codes to members even if asked.	Should
R3.1	Offer Call back when: (a) intent is outside benefits scope, (b) information is not available or cannot be automated, (c) caller explicitly requests a live agent, or (d) Member shows high-level of frustration.	Must
R3.2	Handling out of scope use cases (i.e. Claims, Billing Questions, Provider look-up, Account Maintenance, EOB)	Should
R3.3	Are there office hours and the expectation for advising members and or for use in call back.	SIMI
R3.4	Never attempt to answer questions that fall outside the approved benefits domain (e.g., medical conditions, stock tips, weather, non-plan inquiries).	Never
R4.1	Provide benefit responses specific to the caller's plan type when coverage differs across plans, ensuring accuracy and plan alignment.	Must
R4.2	Should explain distinctions in coverage or costs when a difference exists between participating and non-participating.	Should
R4.3	Should ask clarifying questions when the Member's inquiry is ambiguous or overly vague, to ensure the answer is accurate (e.g., "can you tell me which type of copay you're interested in, like specialist, mental health, MRI", etc).	Should
R4.4	Correctly answer all in-scope benefits questions covered in the training materials, policies, and disclosures.	Must
R5.1	Provide only approved Blue Shield of California website links for verifying provider participation or medication tiers, ensuring the caller is directed to official resources.	Should
R5.2	Never allow the member to upload images or documents via chat	Never
R6.1	The agent will not provide Hyper Links, but can provide website information for specific services	Never
R7.1	Never provide Emergency handling – e.g. I have a medial issue, Heart attack, domestic violence. Agent should direct member to call 911 or go to nearest emergency room	SIMI
R7.2	Agent can provide service numbers relevant to topic Concierge, Support, Billing, Prior Auth	Should

Coordination of Benefits – How to handle? VA, Medi-Cal, 2 nd Employer plan. Do they need to register the 2 nd plan with a BSC agent?	Simi
When members are traveling outside of the CA Coverage area they should be advised of the BlueCard Program and or Global Blue	Simi
24/hr advise nurse - Accolade Care nurse triage, or Nurse Line 24/7 this is plan specific	Simi
Continuation of group coverage -Cobra	Simi
Redact medical information provided by member e.g. diagnoses, diagnostic or testing reasons, purpose for Dr Visits	Rajat

Intent & Sub-Intent Situation Requirements

General directions for specific situations and or intents that may have multiple variations or where there are knowledge gaps

- List of Service procedures that require Prior Authorization and instructions to determine
- Directions for Eligibility search
- Directions for Accumulators search
- Directions for Claims search
- Directions for Provider and Facility search
- Directions for Account Maintenance, adding removing members request IDs
- When to state virtual visits at no cost
- Plan Descriptions – Simple descriptions that
- Prioritization handling if not stated in Benefits

Example

“My spouse and I found out we are expecting and want to understand our Maternity coverage”

ID	Requirement (Detail)	Priority
M1.0	Whenever providing Maternity information, the GA should also ask if the member is aware and would like information about the Pregnancy Incentive Program. Member can say yes or no to information.	Should

Performance & Monitoring Criteria

The Sierra Platforms provide Insight reporting and monitoring as snapshot tiles. Below are a mix of business requested and standard Sierra reporting. Formulas will be based on journey and system tags. Excludes Genesys and Web Portal attributes

ID	Reporting	
P1.0	Top Line Reporting Filters: Date and Time: Prefix and Ranges, Channel: Voice or Chat, Transfers: Transferred or Not Transferred, Tags: System, Journey, Plan, Target: Default or QA	
P1.1	Interaction Metrics: Conversations, Containment, Resolution Rate, Repeat Member within 24hrs, Emergency Interactions, Transferred (Call Backs/Transfers), Abandoned, Handle Time, Primary Intent, Avg Message per conversation, Abuse (member to agent)	
P1.2	GA Performance: Messages Per Conversation, Latency, Tool Call Latency, Tool Call Errors, Fetch Errors, Unrecoverable Errors	
P1.3	GA Quality: Conversations using Knowledge, Conversations using, Knowledge Contained, Tool Call Latency, Tool Call Errors, Knowledge Results vs. Gaps, Knowledge Gaps, Sentiment, Change in Frustration, Repeat Escalation Request	
P1.4	Survey: Q1 Reporting, Q2 Reporting, Q3 Reporting, Q4 Verbatim Count

Simulation and Scenario Validation

Plan Name	Group Number Product ID	Status 04/30/2026	Product component	Potential member confusion/ Member question/ Member keywords	Potential response components	Set#
ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414-M0044602 <i>Some groups might use preferred v/s participating and non-par pharmacies. Simi to include this in context of Rx benefits.</i>	Review complete	Durable Medical Equipment > Generic understanding	What medical equipment or items are covered as part of my plan?	Since the inquiry is generic, chatbot starts by introducing the benefit that maps to the member inquiry. 1. Coverage introduction: # Tool starts with the DME benefit description from EOC. # Example of coverage content: Orthotic equipment/ devices and prosthetic equipment and devices are covered by your plan. 2. Cost structure: # You pay 100% of the allowed amount until deductible is met. Once deductible is met, your coinsurance is 20%. Your out-of-pocket payment is applicable to annual deductible and out of pocket maximum. # Tool surfaces member deductible and/ or OOPmax [Individual OR family, dependent upon the plan]. # Tool starts with in-network description for the cost component.	4/30/2026 Set#1

					If you go to in-network provider: For Breast pump, Glucose Monitor, Peak flow meter your cost is \$0 out of pocket. # Tool surfaces out of network cost. # The structure of the out of network cost component follows same as in-network. 3. Ancillary information. # Tool can potentially prompt member for any follow-up questions such as question on a specific equipment. # Renting v/s Buying. # Related benefits. <i>Please note:</i> <i>Deductible and Accumulation variations will be tested separately.</i>	
ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414-M0044602	Review complete	Acupuncture	Member experiencing some symptoms such as back pain and checking on cost and coverage for Acupuncture on their plan.	1. Coverage introduction: # Tool surfaces the content from EOC that explains the benefit. Example, Benefits are available for acupuncture evaluation and treatment. Acupuncture services must be provided by a Physician, licensed acupuncturist, or other appropriately licensed or certified Health Care # Inform the member that Acupuncture maybe a covered benefit under their PPO plan when it is considered a covered medical service for treating medical conditions.	4/30/2026 Set#1

				2. Cost Structures: # Tool transitions to providing member specific COST information. # Participating provider member pays 100% of the cost until they meet their deductible. # Once the deductible is met, member pays 20% coinsurance per visit. # When member chooses to go out of network, member would still pay 100% of the cost until deductible is met. Once the deductible is met, member would pay 40% coinsurance per visit. # Tool provides deductible limits for individual and family IF member is on a family plan. Individual only if member is on Individual plan. # Tool provides OOPmax limits [individual and family, same logic as above] # Member out of pocket cost is applicable towards annual deductible and out of pocket maximum limits. 3. Ancillary Information: Limits: Combined with chiropractic services, up to 60 visits per Member, per Calendar Year.

ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414- M0044602	Review complete	Allergy testing	Member would like to get some allergy testing done for their dependents. Member wants to know what their cost and coverage is?	1. Coverage context: # Tool provides high level overview OR coverage information. Benefits are available for allergy testing and immunotherapy services. Benefits include: • Allergy testing on and under the skin such as prick/puncture, patch and scratch tests. • Preparation and provision of allergy serum; and • Allergy serum injections. This Benefit does not include: • Blood testing for allergies. Tool to distinguish different components of the benefit such as Allergy serum and help member understand the various components of the benefit. 1. Allergy testing: 1a. Participating providers: Pay 100% until deductible met. 20% coinsurance. Deductible and out of pocket maximum applicable. 1b. non-participating providers: Pay 100% until deductible is met. 40% coinsurance. Deductible and out of pocket applicable. 2. Allergy serum collection Allergy benefits include Allergy serum which is the medication used for allergy shots for	4/30/2026 Set#1
---	---	--------------------	-----------------	---	--	--------------------

				immunotherapy. 2a:Participating providers: Pay 100% until deductible met. 20% coinsurance. Deductible and out of pocket maximum applicable. 2b:Non-Participating providers: Pay 100% until deductible is met. 40% coinsurance. Deductible and out of pocket applicable. 3. Injection visits includes the actual injection as well as serum which is the medication. 3. Allergy injections: 3a: Participating providers: Pay 100% until deductible met. 20% coinsurance. Deductible and out of pocket maximum applicable. 3b:Non-Participating providers: Pay 100% until deductible is met. 40% coinsurance. Deductible and out of pocket applicable.

ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414- M0044602	Review complete	Ambulance	Is Ambulance covered? I live alone and worry about my health.	1. Coverage Introduction: Benefits are available for ambulance services provided by a licensed ambulance or psychiatric transport van. Benefits include: • Emergency ambulance transportation (surface and air) when used to transport you from the place of illness or injury to the closest medical facility that can provide appropriate medical care; and • Non-emergency, prior-authorized ambulance transportation (surface and air) from one medical facility to another. Air ambulance services are covered at the Participating Provider Cost Share, even if you receive services from a Non-Participating Provider. 2. Cost Structure : When member chooses participating provider, member pays 100% until deductible limit is met. Once deductible is met, then member pays 20% coinsurance. Member paid amount applicable to deductible and out of pocket maximum limits. When member chooses non-participating provider, member pays 100%	4/30/2026 Set#1
---	---	--------------------	-----------	---	---	--------------------

					until deductible is met, then member pays 20% coinsurance. No difference in cost for participating and non-participating providers. 3. Ancillary Information: Picking up on additional contextual pieces of inquiry. Stress, Health, Worry, Need care etc. #Since you mentioned you are worried about your health. Remember you have regular and virtual office visits covered. Lookup, in-network provider. #Annual Exam covered at \$0	
ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414-M0044602	Review complete	Bariatric surgery benefits	Is Bariatric Surgery covered?	1. Coverage Introduction Bariatric Surgery coverage benefit is contingent upon where member lives. DESIGNATED COUNTIES:[County specific rules] - If member lives in any of 10 designated counties then member needs to go the designated provider within those counties for the services to be covered. - Member is eligible for travel reimbursement. There are specifications around this, only presented if member wants to inquire and understand those, otherwise move on. - For the successful	4/30/2026 Set#1

				reimbursement, member must save and present all the necessary documentation. NON-DESIGNATED COUNTIES:[Generic PPO rules] - In this case Bariatric surgery benefits are covered like any other surgery from participating and non-participating providers. - Content to be referenced from the applicable benefits such as Hospital Services and Physician and other Professional services. 2. Prompt users for further details around cost. 3. Prompt users for Ancillary information around reimbursement etc.	
--	--	--	--	---	--

ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414- M0044602	Review complete	Bariatric surgery benefits	Hi I live in Los Angeles and my doctor recommended bariatric surgery. I have found a surgeon I like nearby, but I am not sure if you are in network. Will the procedure be covered if I go to this provider	#1 Coverage Introduction: As previously stated in the scenarios, tool to surface EOC content around coverage introduction. In addition to basic coverage introduction, upon prompting and getting confirmation from the member, member needs to be made aware for the specific condition for which this is a covered benefit. - For morbid obesity Inform member what benefits are covered. - Benefits include Facility + Physician services. - Member might qualify for travel reimbursement. - Flag that EOC very clearly states that claims administrator has a network of participating providers for Bariatric surgery services in certain designated counties with California. - County based restriction overrides the normal PPO behavior. - Bariatric surgery designated counties: • Imperial • Kern • Los Angeles • Orange • Riverside • San Bernardino • San Diego • Santa Barbara • Ventura Surface content from EOC that speaks to the fact that claims	4/30/2026 Set#1
---	---	--------------------	----------------------------------	--	---	--------------------

					administrato+G26r, in this case plan has network of participating providers designated for bariatric services in designated counties within the area. What to include for the cost aspect: Standard cost structure to be followed: - Check for member annual deductible. - Check for copay/coinsurance. For this specific benefit member coinsurance is 20% of the cost. - Check member annual out of pocket maximum. - State how the out-of-pocket cost evolves once member meets the annual out of pocket maximum limit.	
ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414-M0044602	Review complete	Bariatric surgery benefits	I don't understand, I don't understand what it means by county designated providers.	Help member understand that for this specific benefit, the benefits will only be covered IF member goes to the participating providers (explain) designated to the counties within which the member lives. Provide a link to FAD and provide member high level steps to navigate FAD Lastly, do let members know that plan covers	4/30/2026 Set#1

				for travel reimbursement: - Member must live in designated county. - Member's home residence $\geq$ 50 miles from the nearest Bariatric Surgery Services. - Inform member that there are limitations and exclusions related to travel reimbursement. Surface details only if promoted by the member. [some nuances covered in the following scenarios]. - Member must be made aware that member needs to submit receipts and any other documentation of the expenses to the claims administrator.	
--	--	--	--	--	--

ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414- M0044602	Review complete	Bariatric Surgery reimbursement benefits	I am planning Bariatric Surgery, and I would need to travel for it. My doctor's office told me that I might be able to get some expenses reimbursed. Give me details.	Before jumping to limitations and exclusions, remind members of the following: 1. Coverage nuance - If within designated counties, need to go to participating providers. - If outside, standard PPO rules. 2. Reimbursement eligibility: - Must live within the designated county.* This is key. - Must live >=50 miles from the nearest provider. - Must submit all the receipts and documentation. * Above is key, if member fails to comply with any of the above three. Failed reimbursement. 3. Next is Reimbursement details: Reimbursement = Transportation + Hotel + Other expenses. a. Transportation: Covered up to \$130 per round trip. Limited to 3 round trips. Those trips could be for any of the following: # Pre-surgery # Surgery # Follow-up Note: Companion trips covered only for 2 trips. b. Hotel coverage # Covered up to \$100	4/30/202 6 Set#1
---	---	--------------------	---	---	---	------------------------

				a day. # Limited to 2 days per trip (pre and post-surgery) # Exclusion: Food not covered and room limited to double occupancy. Other expenses: \$25 per day. Limited to 4 days. No recreation reimbursement such as tobacco, alcohol, drugs, phone etc. Tool to surface content from EOC. No reimbursement if you live out of county. Covered upto\$25 per day	
--	--	--	--	--	--

ASO Virtual Blue SM Full PPO Savings Plus Aggregate Deductible 1750/3500	Group Number: W0051414- M0044602	Review complete	Chiropractic and Acupuncture Services	I have been seeing Chiropractor for my back pain, and now I want to try Acupuncture too. Are both covered separately? Is there a limitation on the benefit.	Tool must state the benefit in detail and must not refer the member to check out Summary of Benefits. This is explicitly listed, in order to test that tool is able to surface relevant and accurate information. - both are covered benefits for evaluation and treatment of medical conditions. - Benefits must be rendered by specified providers in order for it to be covered benefit. EOC document provides details around those specialties and provider types. For example, here is an excerpt from EOC "Acupuncture services must be provided by a Physician, licensed acupuncturist, or other appropriately licensed or certified Health Care Provider." - Member's deductible is \$1750 for individual and X for family. - Member pays 20% for participating provider. - Member pays 40% of non-participating provider. - Amount paid is applicable to calendar year deductible.	4/30/202 6 Set#1
---	---	--------------------	--	---	--	------------------------
